

How to submit a 3D Print to the Innovation Center:

1. Download a 3D model.
Typical file formats are .stl, .3mf, and .obj
2. Email that file to innovationdesk@glenviewpl.org
Include your library card number,
what color you want your print in,
and any other details you would like staff to be aware of.
3. You will receive an email when your print is ready
for pick up at the circulation desk.

Resources for 3D models

- **Thingiverse.com** is an online database with millions of 3D models available to download for free.
- **Printables.com** is another online database with even more models available for download for free.
- **Tinkercad.com** is free, browser-based 3D modeling software. You can make basic designs in tinkercad and export your design for printing.
